

# SERVICE DOOR SCREEN INSERT PANELS

## ADD SAFE AND SECURE VENTILATION TO HOLLOW METAL SERVICE DOORS

Our easy-to-install inserts can be added to any existing service door to let ventilation in without compromising the strength of your door.

You can add optional clear or solid insert panels, security bars and storage rack brackets. Ideal for facilities with higher security needs.

BUILT WITH YOUR SAFETY IN MIND

**HOMELAND SECURITY, FSMA, USDA,  
FDA, AIB, BRC, GFSI, HACCP, ISO, SFQ**

**CHOOSE FROM: 304 STAINLESS STEEL MESH**

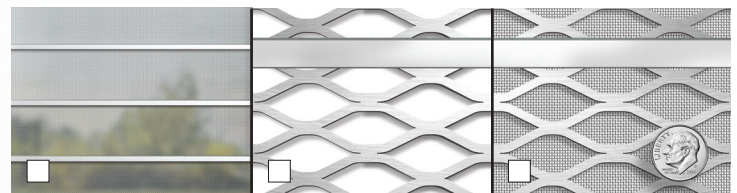

.023" // 12 x 12

.018" // 16 x 16

.011" // 30 x 30

ISO 9044, ASTM: E 2016-15, A 240, A 478-97

**ADD BARS OR EXPANDED METAL / BARS**

**MESH + BARS**

12, 16 or 30 Mesh  
+ 1/2" Alum Bars

**METAL / BARS ONLY**

5/8" 20 Gauge Steel  
+ 1/2" Alum Bars

**MESH + METAL / BARS**

12, 16 or 30 Mesh  
+ 5/8" 20 Gauge Steel  
+ 1/2" Alum Bars

**ADD SOLID INSERT PANELS**

Insert panels cover the screen opening, sealing it from the elements and are weather-safe insulated to -30° F.

☐ CLEAR

☐ SOLID

Both options can be conveniently stored on door or a nearby wall using optional mounting brackets.
